Position in Organisation: Secretary	
Daytime Telephone Number: 01793 731188	
Mobile Telephone Number: 07795 202704	
E-mail address (please note all correspondence will be carried out via email) Simon.billis@btinternet.com	
Website:	None
How did you hear about the fund?	Newsletter

About your Organisation:

Please describe the main activities of your organisation:

To procure and erect two football goals on the Redhills play area in order that residents can organise and play casual games of football.

When did your organisation start? Once it was learned that the previous football goals had been condemned and without such an organisation there was little hope in re-establishing a football facility.

Name of your Project: Broad Town recreation field goal post project

Please provide details and the aim of your project:

The existing goal posts having corroded and subsequently been removed, the aim of the project is to provide replacement football goals complete with new nets and stays. New post foundations will also need to be constructed in accordance with the post manufacturers requirements.

If time limited please indicate a start and end date for your project.

Start Date: 5th April 2018

End Date: 5th May 2018

Are you a registered charity? Yes/No

If so, please provide your registered charity number:

Do you have a constitution or governance document? Yes/No

If yes, please provide a copy of it with this application. A copy will be forwarded to the fund administrators

Do you have a current Health & Safety Policy? Yes/No

If yes, please provide a copy of it with this application

If you work with children, are your staff/volunteers DBS checked? N/A

Do you have a safeguarding policy?

If yes, please provide a copy of it with this application N/A

Who will deliver the project? (Consider how the project will be managed, how will local people and/or businesses be involved in making it happen).

The project will be delivered by the group. It is hoped that local contractors will provide the necessary civil works

Who will benefit (consider the geographical area and sections of the community who will benefit).

The football goals are very well used by local adults and children and have been an amenity in the village for the past twenty years.

What needs will the project address? Consider why the project is needed, how the project will help and what evidence you have to support this.

The project provides an important and essential recreational facility in the village.

Will your project benefit the environment in any way? Explain why.

Members of the community can access recreational facilities in their own locality thus reducing the need to travel.

It is imperative that this project can be delivered before the summer and be ready for use by aspiring world class players during the forthcoming World Cup.

How will you monitor the success of your project?

The previous facility was well used and this new facility will continue to provide this much needed facility. Parish Councillors are local to the playing field and are able to monitor increased use of the area.

For this project to progress it will be necessary for the Parish Council to endorse the project and to allow the group to provide this facility on Parish Council land for the life expectancy of the goal posts. As the football goals will be erected on the Parish Council operated Redhills site it is hoped that the responsibility for any future maintenance, safety inspection, and insurance requirements can be incorporated into existing play equipment portfolio.

What is the total cost of your project including VAT?

£1,953.00 supply of equipment and civil works equipment includes VAT (grant fund)
£480.00 labour (installation of goal posts donated by the community)

(please see separate cost sheet).

Costs have been estimated as maximum costs; any provisional sums, contingencies or other surplus funds will be returned to the community fund.

How much grant funding are you applying for? £1953.00 includes VAT

Please provide a summary of the main cost elements – See above

Is your project registered for VAT? ~~Yes~~/No

How much funding have you raised yourself toward the project costs? If so please detail how much, when and how you raised it.

£480.00 labour costs will be donated to the project by member of the community.

Is this the first time you have applied to the Community Fund and do you anticipate applying for the same or other projects in future years?

Yes.

If your application is successful, payment will be made by cheque or via BACS. Please provide:

The group does not have a bank account. Only two payments will need to be made and it is hoped that consideration will be given to the issuing of the necessary cheques direct to the civils contractor and the goal post and net suppliers.

We are authorised to submit this application on behalf of the organisation and certify that the information enclosed is correct. We understand that we will need to obey by the terms and conditions set out by Good Energy and provide additional information if required. We understand that we will be required to monitor expenditure and to provide Good Energy and Broad Town Parish Council with reports on the progress of the project as required. We give permission for the fund to record this information in this form electronically. We also give permission for the fund's involvement in our project to be publicised.
